

Recent graduate of The Digital Animation & Visual Effects School.  
My strengths were in Texturing and Compositing.

I am a creatively minded artist who loves to explore, experiment,  
and solve problems!

I am also a certified dragon whose hoard consists of shiny things and cats,  
and my powers consist of laughing at my own terrible puns, and the dark  
arcane art of preferring to draw with a mouse rather than a tablet.

## Kit Southerland Brown COMPOSITOR & VFX ARTIST
